

Prior Learning: understanding that anyone can author on the internet , begin to understand that copying text from a website is the equivalent to stealing (plagiarism) , begin to understand that what is on peoples' websites belongs to them

Facts	Vocabulary
<p>1. What is plagiarism?</p> <ul style="list-style-type: none"> Plagiarism is when you use someone else's words or ideas and pass them off as your own. Plagiarism is a form of cheating, but it's a little complicated so children might do it without understanding that it's wrong. If you directly lift text from a website you must credit the author. 	<ol style="list-style-type: none"> Restrictions—the act of limiting something. Validation/validating— finding or testing the truth of something.
<p>2. What are copyright restrictions?</p> <ul style="list-style-type: none"> A copyright is a law that gives the owner of a written document, musical composition, book, picture, or other creative work, the right to decide what other people can do with it. Copyright laws make it easier for authors to make money by selling their work. Because of copyright, a work can only be copied if the owner of the copyright gives permission. When someone copies or edits a work that is protected under copyright without permission, the owner may sue for the value of the violation. 	 <p>The copyright symbol</p> <p>Statute of Anne—the first copyright act in the world published in 1710.</p>
