FOX CLASS NEWS

We have had an exciting time learning about the digestive system in our science lessons. We carried out an experiment in which we squished banana, Weetabix and water into a sandwich bag to represent the stomach digesting our breakfast. We then passed the food through an old pair of my tights to represent the nutrients being absorbed by the intestines. Finally, we excreted the waste through a small hole cut into the bag to show the food completing its journey! We have also used the Chromebooks to carry out further research on the digestive system.

CAR PARKING

Please be vigilant whilst driving and parking in the Village Hall car park; there are many families with young children walking through the car park before and after school.

PD DAY

There is a PD Day on Friday 23rd October 2020. The children will not be in school on this day.
